## Nienkämper introduces the Cone Table Simple elegance with an exciting mix of materials

TORONTO, September 22, 2011 – Nienkämper, a leading designer and manufacturer of fine office furniture products has announced today the introduction of the Cone Table, to be featured at IIDEX/NEOCON 2011, Canada's National Design Expo & Conference September 22-23 at The Direct Energy Centre in Toronto.

The Cone table embodies all the elements of perfect design. Elegant and sculptural. Understated and timeless. The Cone Table blends effortlessly into any surrounding and is the perfect compliment to any modern or classic interior. Ideal as a small meeting table or dining table, the Cone table is available in a variety of sizes and finishes. The Cone Table can also be specified with optional power and data forums to support technology demands. The seamless appearance is the key aesthetical characteristic of this table. The collaborative design process begins with the table base. With three distinctive base options to choose from; a warm and classic veneer wrapped base, a clean and contemporary polished stainless steel or a simple yet elegant crisp white powdercoat finish. Table top options include wood veneer, laminate or quartz composite. The Cone Table's simple elegance and exciting mix of materials reflects a contemporary aesthetic of classic enduring design.

Established in 1968, Nienkämper is an internationally recognized designer and manufacturer of fine office furniture. Recognized as one of the 50 Best Managed Companies in Canada each year since 2009, Nienkämper is committed to being at the forefront of innovation; collaborating with forward-thinking designers; and pushing the boundaries of technology. Excellence from design to delivery. Please visit [www.nienkamper.com](http://www.nienkamper.com)
