A FRAME
Aaron Duke
The intent of the A FRAME series was to design a smaller scale, conference table series that felt both inviting and intriguing. The form evolved from the desire to develop a composition of parts that expressed a certain amount of levity and lightness, while at the same time conveying warmth and softness. The design language of the surface and the architectural angles of the legs play their distinct roles in capturing that intent.

**Surface Shapes**
All standard Nienkamper veneers and laminates
- Rectangular
- Rectangular with soft corner
- Boat
- Super Ellipse
- Racetrack

**Base Finish Options**
- Polished Chrome
