Cern
Calm and efficient for today’s pace.
Cern embodies the warm-modern sensibility of today’s working environment. Most notable about the Cern collection is its wide range of mixed materials and finish options that contrast and complement each other, which when layered creates unique and versatile workspaces and keeps things visually interesting. Laidback and casual for some areas, streamlined sophistication in others.

Cern offers a wide variety of office storage solutions. The credenzas and bookcases can either be freestanding or completely integrated with fixed or height adjustable tables. Cern is also capable of creating self-compositions; bookcases and credenzas can even be used as room dividers to create separate and distinctive work zones.

“Cern pairs timeless design with thoughtful functionality to create dynamic and inspiring spaces for the modern workplace.”
